## Turning The Waste Products of The Farm Into Dollars

THE war is putting the nation on a new basis of thrift and economy. Every item of waste—on the farm, in business, and in the home—must be stopped or converted into profit.

The waste products of the farm can be easily and successfully converted into profit—foodstuffs that the nation needs—through poultry.

And to make poultry produce—a warm, sanitary and convenient poultry house is essential. It means earlier hatches and more winter eggs.

Lumber is not high in price compared to the value of farm products. It pays to build well. And that is why, for siding and outside uses, we recommend

as the best of all woods.

Practical working plans, specifications and bill of materials for this or any other type of poultry house can be had, on request, of us—together with our estimate of the cost.

Doubling your poultry production pays for a poultry house in a surprisingly short time. It puts your poultry raising on a business basis.

King Satan's Dream.  
King Satan sat in his palace,  
Dreaming of the hour  
When one he most loved and trusted,  
Should rob him of his power;  
He dreamed that the blood-drenched  
kaiser  
Had come to claim his own,  
And he, heart sick and beaten  
Had tottered from his throne.

He dreamed that he heard the clatter  
Of gold spurs upon the floor,  
And beheld in his dream of horror  
The Kaiser at the door;  
He awoke with a shriek of terror  
And bolted from his throne,  
When he heard the angry jingle  
Of his red-hot telephone.

He trembled as he answered,  
And his coarse voice shook with  
fear,  
Hello, yes, this is Satan,  
Speak up louder; I can't hear.  
Hello you, You lazy Devil,  
What's the matter down in Hell?  
I've rung for twenty minutes  
With no answer to the bell.

Now I order: You get busy,  
Polish up that throne all bright,  
I may take it in a hurry,  
Yes, I may be there tonight;  
For I hear the Yanks are coming  
And have struck the Berlin trail;  
Now get busy, do you hear me?  
For the Yankees never fail.

## Picnicked at Smyrna.

Ed. Hellus, George Hubbard, Grover Allgee and Everett Luno of the Herald Publishing Co. force went over to the Smyrna millpond one Saturday night recently and "camped out" over Sunday. They caught several whales and a few smaller fish and had a good time even though it was a very wet and dreary day.

The rest of the boys in the bunch say that George Hubbard got an idea into his head that he would be a very good swimming instructor and gave several practical demonstrations in this regard. They made so much racket and used up so much water that Tebbel's mill had to shut down and wait for several days till the pond filled up again.

## RED CROSS NURSE TELLS OF HER WORK IN FRANCE

MRS. CLARA WIDDICOMB TELLS MOTHER NURSES LIFE IS NOT ALL ROSES.

The following extracts from letters written Mrs. Mary Cannon by her daughter, Mrs. Clara Widdicomb now serving as a Red Cross nurse in Base Hospital No. 36 somewhere in France we are very glad to publish.

One of the stars on the alumni service flag of our high school represents Mrs. Widdicomb, who has many friends in Belding.

France, May 12.

Dearest Mama:  
Tonight we are to have a "Mothers' service" at the Y. M. C. A. and some meeting it will be for surely our hearts are all overseas with the dear mothers we have left behind.

I don't know just how I can make today a very special one for every day is mother's day with me. I think of you and love you all of the time and I never go to sleep at night without a last thought of you, hoping you are well and comfortable. I'm counting off the days and praying we may be together very soon.

Today is cold with wind and rain but I think when I go off duty at 4 I'll go around to the diamond and watch the baseball game for a little while. Remember the game one Sunday last summer when we were caught in the pouring rain? Oh! I think we shall be able to make a fun of you yet.

We had in a lot of new patients this week so we are busy again and expect more anytime.

Will write again in a day or two—this is just a note to say "I love you." Yours,  
Susan Mary,  
May 17, 1918.

My Dear Mama:

This is the most wonderful day and it's a joy to have sunshine for rain is plentiful in this country.

Had your letters yesterday and am so glad you are keeping fairly well.

It's fine that your past patrons have adopted a French baby but you have nothing on us—so have the nurses of 36. Sorry you couldn't get my shoes off for I need them badly and I'm sending a signed request which you must enclose in the packet when you send it for it is opened in New York. I have worn out the soles of nearly all the shoes I have and the ones we get here are no good. I want to wear low shoes (pumps) as much as I can. Perhaps Mr. Dickinson may have some that he knows will fit me and if he has send them.

This week I had a box from Maurice Covover, sent early in December, also one from Mr. Arwine and one from Ellis Ranney, Dr. Smith and the bunch, mostly cigarettes for the boys and they came just in time too for we had in a lot of new patients. I've been on special for 10 days but never on duty today.

I nearly forgot the surgical sponges I mentioned are the ones mother and Auntie Sue have ready to send and wrote about.

We have a boy, marine, who is the sweetest fellow, a leg off and only 20 years old. Queer how it happened. His shoe was blown several feet away, his foot nearly torn off and sock not torn at all, so much shrapnel in the leg it had to be amputated above the knee. Of course he will have to go home but he does not want to.

Sometimes I get so blue and think how I'd like to be home but in the end I know I couldn't stay if all this is going on here. These boys do need us and while they do I want to be here.

Won't write more just now; I'm well and thinking of you much. Love all ways, dear,  
Susan Mary,  
France, May 26.

My Dear Mama:

Had a letter from you yesterday. You say you do not think I get all of your letters, well, that's quite possible and I expect you also miss some of mine for surely I answer over again and again your questions. It takes at least two months for an answer and it probably seems longer than it is between times.

Well, I suppose I shall have to go without my shoes and stockings for the latest order is that no packages can come to us. I don't know what I shall do for I'm almost bare foot and the shoes I bought here nearly kill me.

We have been having some very beautiful weather for two or more weeks but a few hot days that wilted me as much as such days usually do. Yesterday and today have been ideal and today I spent part of the afternoon at a ball game between our men and a visiting team.

Best bet one-sided to be interesting 15 to 1 in favor of No. 36. Knowing the boys who play of course creates an interest however the game goes.

We have a very beautiful park and the ball field just beside it. Wish you could take a stroll through said park some evening. The flowers are very pretty, much the same shrubbery we have at home and such wonderful old trees, pines and balsams.

Across from one of the hospitals is a large estate and we are allowed to walk through the grounds. Such order and beauty as there is about the place, flowers, rhododendrons of various colors banded in front of the house, tulips, violets, daisies, forget-me-nots in beds and there will be roses later, many of them. A few times Jean and I have taken a lunch and gone back in the woods for an hour or two after coming off duty in the afternoon but we have very little time for that sort of thing. When we are away from the hospital there is usually something waiting to be done in our room. You know the little nothings that take time, mending, etc.

Yes, dear, I got the boxes from Belding but haven't written yet. Don't mind telling you I'm as lazy as ever. You must not think anything about missing my birthday. Really am not having them any more you know.
